Application for a sponsor licence

Supporting documents - Step 1 of 1

Indicate in the tables below which documents or information you are sending with your application.

Most organisations will need to submit a minimum of 4 documents (or combinations of documents) but this depends on the route (or routes) you're applying on and what type of organisation you are.

If you're applying under Skilled Worker or Minister of Religion, you must also send information about your organisation and the jobs you intend to fill, in addition to the 4 documents, unless you're an organisation listed in Table 1 below.

You must read [Appendix A to the sponsor guidance](#) (for work routes) or [Applying for a Student sponsor licence](#) for full details of the documents and information you must send, and the format they must be in.

Adding routes to an existing licence

If you already have a sponsor licence and are applying to add a route (or routes) to it, you must send any route-specific documents specified in Table 3. You will not normally need to send any other documents but we reserve the right to ask for them.

The only exception is if you're licensed on the UK Expansion Worker route and applying to add routes, in which case you must send the minimum number of documents specified for organisations applying for the first time.

Choose *Restart* to clear this screen and reselect your supporting documents.

[Help on Supporting Document page \(opens in a new window\).](#)

1. Specified organisations

Indicate if your organisation is one of the following and confirm how your status will be verified. You may also need to send evidence from Tables 2 and 3 below. See section 5 of Appendix A for further details.
